

Kesavan M

Profile

I am a Computer Science Engineering student interested in Full Stack and Backend Development. I have knowledge of HTML, CSS, and JavaScript, and I am learning React and backend technologies. I have built basic web projects and also have experience in Python for problem-solving and data analysis. I am familiar with MySQL and continuously improving my skills by working on projects.

Skills

Frontend

HTML , CSS(Basic), JavaScript (Basic), React(Basic)

Programming Languages

Java, Python

Backend

(Basic – Python Flask style knowledge)

Databases

MySQL (Basic)

Languages

English , Tamil

Projects

No.1 Website – Responsive Web Project

Developed a responsive website with a clean and modern UI using HTML, CSS, and JavaScript. Focused on layout design, mobile responsiveness, and user-friendly navigation for a smooth browsing experience.
